If you have answered “YES” to one of the questions included under “Key Symptoms of Illness” (excluding fever), you should stay home for 24 hours from when the symptom started. If the symptom improves, you may return to school when you feel well enough. If the symptom persists or worsens, seek a health assessment.

If you have answered “YES” to two or more of the questions included under “Key Symptoms of Illness” or you have a fever, seek a health assessment. A health assessment includes 8-1-1, or a primary care provider like a physician or nurse practitioner. If a health assessment is required, you should not return to school until COVID-19 has been excluded and your symptoms have improved.
