

**The internet is everywhere...even Cookie Monster is online!**

**What is**  
“Digital  
Citizenship”?

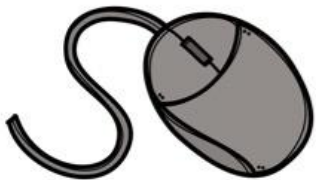

Digital Citizens are...

RESPONSIBLE,

RESPECTFUL,

and SAFE when using  
technology.

Digital Citizens are...

**RESPONSIBLE**

- They balance their time in the digital world with their time doing other activities.
- They think critically about what they are seeing and reading online
- They make positive, appropriate choices about what they do online
- They speak up if they see or hear something inappropriate or upsetting online.

Digital Citizens are...

**RESPECTFUL**

- They THINK before they post
- They take appropriate action if they notice other people being hurtful online.
- They give credit to other people for their online ideas and work.
- They respect themselves and realize that they are leaving a digital footprint behind.

**Digital Citizens** are...

**SAFE**

- They protect themselves online by using strong passwords
- They do not share personal information
- They do not communicate with strangers
- They talk to an adult if they are being asked for personal information
- They have strong digital boundaries

**CONFIDENTIAL**

# Next week is Digital Citizenship Week at OLM!

**Each day your class will be given a question to think about, and watching a short video about how to be a respectful, responsible, and safe digital citizen!**

**Let's start a conversation!**
