BLL Speech and Debate Club

BLL Speech and Debate is run by a past graduate, Brianna Lam, at Our Lady of Mercy School. Her aim is to provide a place where every child can learn to shine through their speech and get comfortable with presenting in front of their audience. She believes that it is essential for every person to be able to express themselves clearly and have the confidence to voice their own opinions. This class is designed to achieve exactly that, through different types of demonstrations, activities, and constructive feedback. Speech is something that is used every single day, so we should all strive to become strong, confident individuals for an even stronger generation.

Classes will be an hour long with an additional fifteen minutes before Brianna starts to teach for students to set up and be ready to debate.
